

Enriching lives through innovation

March 16, 2026

Dear Valued Customer,

Due to global geopolitical issues currently impacting costs, **effective immediately**, Huntsman will implement a **transportation, fuel & energy surcharge at the rate of \$0.05/lb** on all shipments of MDI and polyol in North and South America. This surcharge will be reviewed every 30 days and will be updated to reflect current conditions.

Please forward copies of this announcement to all appropriate Accounts Payable and Purchasing personnel in your organization.

This surcharge is necessary due to changing market conditions. We appreciate your understanding and remain committed to providing the highest quality products and services.

Given the current volatility of raw material and other direct costs, we also intend to **adjust prices monthly**, where contracts allow, for the foreseeable future.

Please do not hesitate to contact your local Huntsman Account Manager for further information.

Sincerely,

A handwritten signature in black ink, appearing to read "Doug Ellerbusch". The signature is fluid and cursive, with a large initial "D" and "E".

Doug Ellerbusch
